Robostudio(Run as Admin)

pack and go file:

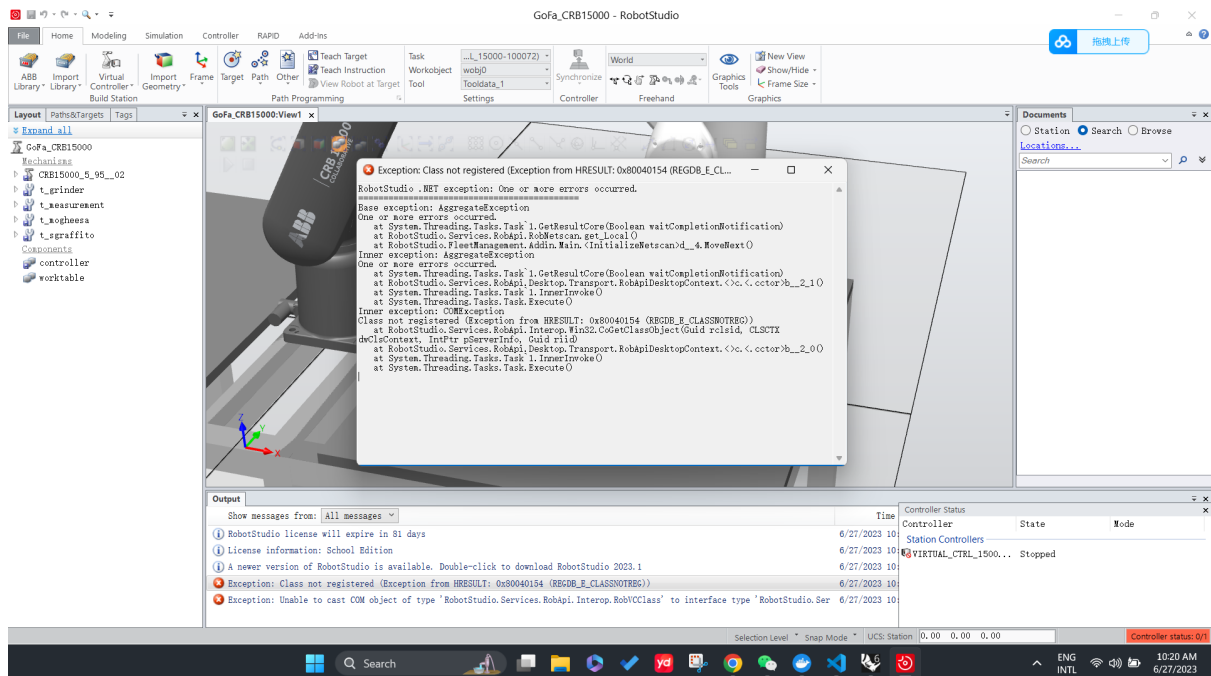

Even in the old Robotstudio file it shows the same errors.

Errors content:

first one:

second one:

Visual Studio Code and Docker Desktop

Folder Robosgraffito/docker/ros-systems

/moveit_simulation(using for control robot) works well ✓

/moveit_simulation_and_virtual_controller(using for control simulation in Robostudio) no error occurs ✓
